No M6-2241/41-42 Dt 3 10 42

Recommends sanction in the circumstances stated to an estimate for Rs 8000 for effecting improvements to the Vadigenahalli Sudlaghatta Deviation road passing within the municipal limits

1) It is stated that the surface of the road has already been formed by the local body at a cost of Rs 4000 The body has further agreed to pay Rs 400 towards the estimated cost of the work

2) The Dy Commr has urged the real necessity for the road both from the standpoint of safety of children and convenience of bus traffic

3) This may perhaps be transferred to the P. W. Secty for taking further action as it relates to that Secty

8) In order to avoid Congestion of traffic on the main road passing thro' Vadrgenahalli to Sidlaghatta, the local municipality have formed a deviation road at a cost of Rs 4,000/- The work of Rounding of the existing bridge and the Construction of side and Check drains on the road has to be taken up now, which is estimated to Cost Rs 8,000/- The Municipality hence offered to Contribute Rs 400, at 5 per cent of the estimated Cost ~~for~~ the work. The Dy Comm, B'lore Dist, has recommended that the balance Cost of Rs 7,600/- be met ~~from~~ by Govt and the work executed by the PWD in view of the poor resources of the Municipality.

9) There is no report accompanying the estimate and it is not known whether the main road running thro' Vadrgenahalli is a State Fund or a Dist Fund road. It is seen from the papers that the deviation road is mainly for the benefit of the town and the formation of the road from Road grants might become an inconvenient precedent. As the resources of the Municipality are poor and the diversion road is a real necessity, the work may perhaps be executed by PWD, the Cost being met from '30 grant - ~~Miscellaneous~~ for Public improvements' to which head it seems

Subject Formation and Improvement of the Deviation Road at Vadigenahally Town

- ooo -

Sir,

I have the honour to state that Improvement of the Vadigenahally Sidlaghatta road of Vadigenahally Town is one of the points contained in the petition presented to the Dewan by the residents of Vadigenahally Town during his last visit to the place It was urged that as the present road was very narrow and situated in the interior of the Town, there was danger to life in addtion to inconvenience to the Bus Traffic The necessity for diverting the main traffic from this thickly populated portion has been represented by the people to the Dewan

2 It is reported that the Municipal Council of Vadigenahally have already formed the surface of the deviation road at a cost of about Rs 4,000/- after filling in deep detches ~~xxxxxxx~~ ruts and pits The works of rounding of the existing bridge and the construction of side and check drains on the road will have to be under-taken now The Executive Engineer, Bangalore, who was addressed in the matter, has sent a plan and the estimate for Rs 8,000/- for the completion of this work The report of the Assistant Engineer, Dodballapur Sub Division accompanying the estimate clearly explains the details of work to be under-taken

3 The Municipal Council have resolved at their meeting held on 31-10-1941 that the deviation road may kindly be got constructed by Government The Executive Engineer

Engineer, has intimated in his letter No 644, dated 6-6-42 that no funds are available in his Departmental budget grants to meet the quota of cost He states that as the work benefits only the Municipality, the Municipal share may be fixed at 5% of the amount of the estimate and sanction of Government obtained for the execution of the work The Municipal Council have agreed to the payment of Rs 400/- being the 5% quota of cost towards the above work (vide resolution dated 29-8-42)

4 The formation of the above deviation road is very necessary for the convenience of Bus Traffic and safety of the people, particularly Children as the houses are closely situated, doors opening directly to the street The present road is not wide enough for two vehicles to pass simultaneously In these circumstances, I request that sanction of Government may be kindly obtained to the work being undertaken at the cost of State or Road Funds after recovering 5% of the estimated cost as quota from the Municipality The connected records are enclosed for favour of reference

I have the honour to be,

With reference to your letter No.L.6678/M1.50-42-25 dated 7-1-43, on the above subject, I have the honor to state that the Executive Engineer, Bangalore Division, was requested to furnish details for the lumpsum provision of Rs.4942 made in the enclosed estimate. He now states in his letter No 83 dated 25-8-43 (copy enclosed) that the estimate requires revision as the original one prepared during November 1941 does not hold good now. He has accordingly sent a revised estimate for Rs.12845/-. This includes contingencies at Rs.518/- and Tools and Plant Charges of Rs.1959/-. Details have been furnished for the lumpsum provision made in the original estimate except the provision of Rs.1000/- being the acquisition charges. The Municipality had previously agreed to bear 5% of the estimated cost (original estimate). I am instructing the Amildar President of the Municipality to send up similar resolution of the Council in respect of revised estimate. The Municipal quota will amount to Rs.642/- As per reasons mentioned in this office letter of Even No. dated 5-10-42 I request that sanction of Government may be kindly obtained to the formation of this deviation road out of State or Road Funds after recovering 5% of the estimated cost as quota from the Municipality. The connect d records together with the estimates accompany As the original plan is found missing, the Executive Engineer has been

requested to send up a fresh plan of the work.

Sir,

With reference to the correspondence ending with your letter No 576 2241/41-42 & 1610-43 re the formation of a deviation road at Vadigenahalli Town, I am directed to enquire if the revised estimate for Rs 12,845 for the work in question has been approved by the local Govt

In regard to the expenditure to be incurred on the proposed road, it is seen from the records that the Govt have agreed to meet only five percent thereof & it may be useful stated whether, having regard

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

No L-9338 Dated Bangalore, 16 March 1945

FROM

The Secretary to the Government of His Highness the Maharaja of Mysore

Law Department.

To

The Deputy Commissioner,

Bangalore District, Bangalore.

Sir,

With reference to the correspondence ending with your letter No.M.6.2241/41-42, dated 16th October 1943 regarding the formation of a deviation road at Vadigenahalli Town, I am directed to enquire if the revised estimate for Rs.12,845/- for the work in question has been approved by the local Municipal Council.

In regard to the expenditure to be incurred on the proposed road, it is seen from the records that the Municipal Council have agreed to meet only five per cent thereof. It may be kindly stated whether, having regard to the heavy expenditure of Rs.12,845/- on the road, the Municipal Council cannot meet at least 50% of the said amount. This may kindly be examined further in consultation with the Municipal Council and your definite opinion thereon furnished to Government at an early date.

If a fresh plan for the road has since been prepared by the Executive Engineer, Bangalore Division, the same may be obtained and forwarded to Government along with the above information. Records accompany for reference and return.

I have the honour to be,

Sir,

Your most obedient servant,

L. Ramachandra Rao

Secretary to Government,
Law Department.

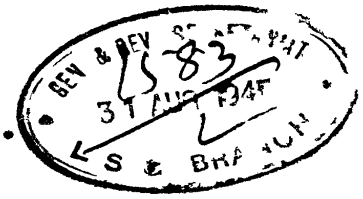
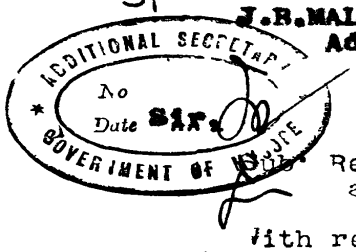
Deputy Commissioner,
Bangalore District.



To

J.R.MALLADYA,KSO.,M.A.,
Additional Secretary to Government,
Bangalore.



Sir,

Regarding the formation of a deviation road at Vadagenahalli Town

--

With reference to your letter no L 9338 dated 17/3/45 requesting me to furnish the opinion of the Municipal council in the matter of meeting 50% of the expenditure involved for the formation of the deviation road at Vadagenahalli Town, I have the honour to state that the Municipal Council at their meeting held on 17/6/45 have resolved that they cannot afford to meet more than 5% of the estimated cost, since their financial condition does not permit of any extra expenditure in this behalf

It is also seen from the Budget estimate of the municipality for 45-46 that their anticipated receipts are just enough to meet their normal expenditure with the result that the municipality cannot afford to pay anything more than 5% of the estimated cost

In these circumstances I request that the Government may kindly be moved to accord sanction to the proposal of the Municipal council and arrange to have the work executed early

Sir,

I am directed to ~~forward~~ forward herewith the file of records together with plans and estimates in regard to the formation & [illegible] deviation road at Varadegowdahally at an estimated cost of Rs 12,845, I am ~~directed~~ to state as follows, —

the existing road at the place is said to be a part of the district Road - the local public have already incurred a sum of Rs 2,836/= on the proposed road for filling up ditches, trenches etc and they are further agreeable to pay a sum of Rs to meet the expenditure equal to from out of their funds 5% of the present estimate viz Rs 642/- in view of their present unsatisfactory financial position

As this is a legitimate charge on the funds of the District Board, I am directed to request you to intimate if this Board at an estimated cost of Rs 12,203 (excluding the 5% on the estimate towards the local public) may not be undertaken by the District Board

I have etc

for Secretary.
